Md Khorsed Alam

Front-end Developer

Jessore; Bangladesh

Phone: +8801907329820

Email | **LinkedIn** | **Portfolio** | **GitHub**

Skills:

Frontend Technologies: HTML5, CSS3, Tailwind CSS, Bootstrap, JavaScript (ES6), React.js, React Router

Backend Technologies: Express.js, MongoDB, REST API, TanStack

Tools: VS Code, npm, Firebase, GitHub, Figma, Vercel, Render, Chrome DevTools

Other Skills: Content Writing, Microsoft Word, Microsoft PowerPoint, Debating

Projects:

Focus Haven - Photography training Schooll**:**   **Live Link** | **Client (GitHub)** | **Server (GitHub)**

Built for enrolling students in photography classes with several experienced instructors. Some of the **Key Features**:
- Three different dashboards are based on admin, instructors, and students. And secured routing integration based on JWT.
- Payment system (SSLCOMMERZ) is integrated. Students can enroll in courses based on availability.
- Admin can set anyone as an instructor or admin. Also remove any class if he wants, which the instructor adds.

Technologies: Tailwind CSS, React.js, React Router Dom, React Hook Form, MongoDB, Express.js, Render, GitHub, Firebase

Bistro Boss - Online restaurant platform**:**   **Live Link** | **Client (GitHub)** | **Server (GitHub)**

Developed a full-stack online restaurant platform for ordering food and table reservations. Some of the **Key Features**:
- **User Dashboard**: Add items to the cart, book tables, confirm orders with Stripe, and review orders.
- **Admin Dashboard**: Add and delete items, and manage user activities.
- **Authentication**: Users sign in or sign up to access features.

Technologies: Tailwind CSS, React.js, React Router Dom, DaisyUI, MongoDB, REST API, Express.js, TenStack Query, JWT, SweetAlert, Firebase, Vercel, GitHub, Render

IMDb Clone - Online movie platform**:**   **Live Link** | **GitHub**

Developed an online movie details platform based on Next.js for enjoying movies. Some of the **Key Features**:
- Added toggle option for different types of movies, fetching different APIs from Tmdb. Also integrated dynamic routes for details based on individual ID.
- Integrated Searching functionality for searching movies with any keyword.
- Users sign in or sign up to add any movies to their wishlist.

Technologies: Tailwind CSS, React.js, React Router Dom, Next.js, Vercel, GitHub

Education:

Bachelor of Science in Physics (BSc)   2022 - present
Jashore University of Science and Technology (JUST)

Certifications and Training:

Completed Web Development course by Programming Hero (**Certificate**)   December 2022 - July 2023
Got a **Black belt** from Programming Hero (**Certificate**)
Complete Communication Hacks course in 10 Minutes School (**Certificate**)   January 2022 - March 2022

Language Preference:

Bangla (Native) – English (Comfortable) – Hindi (Comfortable)
